EMERGENCY DEPARTMENT

Our Emergency Department is an immediate access clinic run by Consultants.

We can provide you with:

- Immediate access to a Consultant's opinion
- Same day investigations
- Immediate management plan
- Prompt discharge letter

Cardiology, General Surgery, Medical, Orthopaedic and Urology patients can be seen at the Emergency Department.

The Emergency Department offers a dedicated GP phone-line which will be manned by an Emergency Nurse to facilitate direct referrals and discussion of individual cases.

How much will it cost?

All patients presenting to the Emergency Department will be charged €120 regardless of their insurance cover. Additional tests such as bloods and x-rays will be extra (*for individual rates please consult our Emergency Department administrator at 01 – 645 9016*).

Should a patient be admitted, then the Health Insurer may cover all costs EXCEPT the initial €120 consultation fee.

Telephone: 01 – 645 9016.

Open 7 days a week: Mon–Fri: 8 am–5 pm, Sat–Sun, BH: 10 am–5 pm

We will also endeavour to communicate the outcome of each patient's visit to the referring GP the following day. This can be done by phone, fax or email and the department will work with each GP to tailor this response to accommodate the need of their individual practices.

CONSULTANT DIRECTORY: A-H

RADIOLOGY

Ultrasound, Mammography, CT, MRI, Fluoroscopy and DEXA scans are by appointment only. General x-rays are available as a walk in service with a doctor's referral letter during working hours.

The Diagnostic Imaging Department at the Hermitage Medical Clinic provides the following modalities:

- Digital General X-Ray
- Ultrasound
- 64-Slice CT
- 1.5T MRI
- Digital Mammography
- Digital Fluoroscopy
- Nuclear Medicine scans and PET/CT scans are also available

Irish Healthcare at the Hermitage Medical Clinic provide Bone Densitometry. Please contact (01) 645 9500 for appointments.

There is also a screening room which provides real-time images. We also have a fully integrated RIS/PACS system.

DENTAL RADIOLOGY

Our equipment includes a Dentascan CT option and a Gendex Orthoralix 9200 DDE which is a state-of-the-art digital OPG unit. We offer a Pantomogram, Cephalometric and Temporo-mandibular joint service. We also perform dental CT for dental implant surgery.

CARDIOLOGY

CARDIOLOGY DEPARTMENT

Our specialist department is staffed by a very experienced, enthusiastic team of cardiac technicians who believe in a patient focused, high quality and efficient service.

Our department is currently open from 9am to 5pm Monday to Friday (GP direct access). We are happy to facilitate your patients with a routine appointment within a week and same day testing for urgent referrals.

Cardiology tests include:

- Resting ECG
- Exercise stress testing
- Echocardiography including bubble, 3D and contrast studies
- Transoesophageal echocardiography (on a daycase basis)
- Ambulatory 24 hour BP monitors
- Ambulatory 24 and 48 hour Holter monitors
- Event monitors (1 week)
- Pacemaker follow-up*
- Defibrillator (ICD) follow-up*
- Loop recorder download*

**We also offer a remote care service for following up devices*

CONSULTANT CARDIOLOGIST TEAM

The Cardiology service is proud to have a dedicated Consultant team which includes;

- Professor David Foley
- Dr Richard Sheahan
- Dr John Clarke
- Dr Brendan McAdam
- Dr Iftikhar Khan
- Dr John Cosgrave
- Dr David Moore
- Dr Peter Crean
- Dr Angela Brown
- Dr Tora Leong
- Dr Heiko Kindler

CARDIAC CATHETERISATION LABORATORY

The cardiac cath lab is a state of the art facility with a full range of services for performing a comprehensive list of diagnostic and interventional procedures which include:

Telephone: 01 – 645 9450/9994
Fax: 01 – 645 9451
Email: cardiology@hermitageclinic.ie

Coronary Angiogram

Percutaneous coronary stenting – including a full range of complex procedures e.g. multivessel, left main, chronic occlusions etc.

FFR, IVUS & OCT – new technologies that use intracoronary pressure wire/ultrasound/infrared waves, to enhance angiography in the definitive diagnosis of significant Coronary artery disease, or for exclusion of same. Also helps in proper alignment of Stents.

Device Implantation – Loop recorders, pacemakers and defibrillators including heart failure devices.

Electrophysiology Studies and Ablation Therapy – for rhythm disturbances

Percutaneous Transcatheter Septal Closures – Patent Foramen Ovale, Atrial Septal Defects, Patent Ductus Arteriosus etc.

PHYSIOTHERAPY

The Hermitage Medical Clinic provides a patient focused physiotherapy service that is centred on best evidence based practice to provide high quality patient care.

We are a state-of-the-art rehabilitation service providing the following:

- GP Direct Access Outpatient Service
- Neck and Back Rehabilitation
- Sports & Orthopaedic Rehabilitation
- Rheumatology and Arthritis Service
- Post-Operative Care
- Lymphoedema Services and Lymphoedema Care
- Inpatient and Outpatient Respiratory Physiotherapy
- Occupational Health
- Medico-Legal / Insurance Services
- Inpatient and Outpatient Neurological Rehabilitation
- Orthotic Prescription and Biomechanical Evaluation

We utilise a multi-disciplinary approach to assess, advise and provide a full range of care using:

- Soft Tissue Techniques
- Joint Mobilisation
- Electrotherapy
- Personalised Exercise Programmes
- Patient Advice and Education
- Equipment Provision
- Manual Therapy

Our programmes aim to restore and increase your level of health and fitness to enhance your safe return to work, sport and recreation. Our fees for physiotherapy treatment are eligible for cover by VHI, Aviva Health & Quinn Healthcare.

PILATES AND ACUPUNCTURE

If you would like to attend our Pilates course or avail of Acupuncture sessions, please contact the Physiotherapy Department for further details.
